It's Wasatch Week ~Friday~

(aka Wasatch Wednesdays as there are too many things to say about our Veterans in just one day!)

We are honoring our Veterans all this week. Veterans is Nov 11th.

Today, we are highlighting our own Veteran's Memorial.

You probably see it every day!

You see fireworks off of it on the 4th Of July.

It is located in Midway, Utah!

Memorial Hill is where we in the Valley can honor our local Veterans. Have you been up there? It is more than just a great view of the Valley!

In the early 1980's the plaques on Memorial Hill were stolen. It was never discovered who stole them. A lot of the records of our local Veterans were lost.

In the 1990's an interest to restore the monument began. Funds were generated to reinstate the plaques. Thanks to the help of a dedicated committee and the Wasatch Wave most of the names were restored to their rightful place of honor!

Check out the Website for Information, history, details and names.
